Luxury Begins Here

Your introduction to the world of Lohono.
Luma brings together private luxury villas, intuitive hospitality, and thoughtfully designed shared spaces — all at a more accessible price point.

Set across handpicked destinations, such as **Moira, North Goa** and **Coonoor,** each Luma villa is rooted in its surroundings, whether by the coast, in the hills, or amidst serene countryside landscapes. Defined by balanced spaces, purposeful design, and service that takes care of the details, the experience feels quietly refined.

Some homes may offer access to additional community-led amenities, while others focus on complete privacy — but the promise remains the same: comfort, character, and a stay that feels effortless from the moment you arrive.

An ideal pick for everything from holidays with friends and family to staycations to corporate getaways.

Discover Luxury. Discover Luma.
